Welcome to the Canadian Path

The Adventure Starts Here

Four Elements

Youth-Led: What do “you” want to do? Youth take responsibility for their activities and adventures.

Plan-Do-Review: Complete a circle for each activity and adventure. Plan the activity (based on the guidelines of the Canadian path program). Do it – everyone is involved (Cubs and Scouters). Finally, review how things went and adjust for the next adventure.

Adventure: Youth are seeking new meaningful experiences. Adventure is about exploring new things, new ideas, learning new skills, and creating new paths.

SPICES: To ensure a well-rounded program.

What do we do?

It will depend on the adventures that the youth propose. However, it will include **Camping, Hiking**, playing **Games, Crafts**, learning about the **Outdoors, Survival** and **First Aid**.

Typically we have a **Fall, Winter** and **Spring** overnight camp (Friday to Sunday).

Kub Kars are usually a favorite and are handed out in Spring to provide time for the youth to design and build in time to race at the Grand Prix.

What adventure have you wanted to try? Let us know.

Typical Equipment

Daypack (backpack): Used on hikes and at camp for water bottle, extra socks, flashlight, sunscreen...

Weekend Pack: Sleeping bag & mat, blanket, pillow, mess kit (plate, bowl, cup and cutlery). No pocket knives [until Scouts].

Volunteers:

Scouting is offered by a group of dedicated volunteers. Without volunteers there would not be a program for our youth. Please consider joining and providing a helping hand.
